

WalkAmerica to Save Premature Babies

**Saturday, May 14 • 8:30 a.m.
Legion Memorial Park, Everett**

You are invited to join the March of Dimes WalkAmerica to help save babies from the risks associated with premature birth. WalkAmerica will be held on Saturday, May 14, at 8:30 a.m. starting at Everett's American Legion Memorial Park, at 145 Alverson Boulevard in Everett.

"More than 760 babies are born prematurely every year in Snohomish County, or about one in 11 births. It is a leading cause of newborn death and may

result in lifelong disabilities," said Gail Larson, Providence Everett Medical Center CEO and 2005 Snohomish County WalkAmerica Chair. "People who join

WalkAmerica and raise money are helping the March of Dimes to fight this devastating problem."

Portraits of Encouragement

The 2005 Heart Gallery is a visually stunning exhibit of portraits that capture the spirit of Washington residents of all ages who need our help and encouragement.

Presented by the Department of Social and Health Services (DSHS), the goal of the Heart Gallery is to elicit the public's willingness to adopt, volunteer, mentor, offer employment or become a foster parent.
